DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, THURSDAY, MAY 25, 1911. NO. 299.

MR. BOOHER SPOKE

FOURTH DISTRICT CONGRESSMAN GIVEN CLOSE ATTENTION.

CAPITOL ONE HOT PLACE

But There Are Others—Some Reflections on the Recall as Applied to Statehood.

By VAN CLEVE.

Washington, D. C., May 23.—There may be hotter places in summer than Washington, D. C. History and geography both attest the somewhat doubtful fact that there are such places. In Death valley they say a temperature of 120 degrees is a moderate and refreshing relief; in the Sahara desert they break an egg in the sands and a beautiful omelet is readily made; but history does not locate the capital of a state or nation that rivals in oppressive and steaming heat the pride of our own country. The mercury in the official thermometer reached 103 two or three days last week, and when the real warm season come on the size of the figures will likely be limited only by the length of the thermometers. There is neither altitude nor sea breeze here to drive away the heated air, but there are acres upon acres of asphalt pavements to absorb it. During a day of uninterrupted sunshine they store up more heat than can escape during the night, and thus, like a storage battery, they are constantly recharged during the heated season.

This is the usual final and convincing argument that puts an end to summer sessions of congress. Whether the membership be a turbulent and obstreperous one or meek and long suffering, it is the one argument that forces a common conclusion without barter or concession. So far as can be seen now it is the only hope for an early termination of this session. When the sun, in his unclouded majesty, begins to direct his blistering rays upon Washington, its climate assumes national importance. He has begun unusually early this year to lobby for adjournment, but he has an obdurate bunch to deal with.

Despite its climatic imperfections, Washington is the most attractive city in the world, and a visit here is never regretted by the student of government or the lover of the curious and beautiful.

* * *

But Washington is not the only warm spot on the globe. While the weather man comforts us with the report that there is snow in the Rocky mountain states, word also comes that all the east is sweltering. I am told that in Richmond, Va., they have the hottest May in forty years. People have been staying up all night, and the street cars and ice wagons have been kept running all night in order to alleviate the suffering and promote the public comfort.

* * *

The admission of New Mexico and Arizona to statehood still engages the attention of the house, though debate will, according to present arrangement, end tomorrow. One of the best speeches made in support of their admission was delivered by Hon. Charles F. Booher last Friday. For the last forty years Republican congresses have been playing hot and cold with these territories. Now the Republicans are willing to admit New Mexico, which is largely dominated by capitalists and corporations, but they want to still deny the privilege of statehood to Arizona, under the pretense of opposition to the initiative and recall provisions which the people of Arizona put into their constitution. Mr. Booher, after paying a high tribute to the able representatives sent here from Arizona to plead for statehood, argued that congress has no just right to keep them out of the union simply because all do not endorse certain features of their constitution, so long as that constitution guarantees a republican form of government. Of course, they can force the people of Arizona to hold another election and eliminate the recall, but when they get statehood no power can prevent them from voting to amend their constitution and re-enacting the objectionable features.

The recall has been in use throughout the western states, particularly in municipalities, and is not an untried experiment. Courts have passed upon it and have declared it constitutional. When applied to cities, it necessarily includes judicial as well as other officials. It is applied only in aggravated cases, and there has been no complaint. It is meant only as a protection against corruption, and a corrupt judge is no better than any other corrupt official. An honest judge will attempt to do his duty and render a correct interpretation of the law, regardless of consequences.

It is urged that the recall, if put in general use, would tend to destroy the reverence in which the American judiciary has been held. But the growing sentiment in favor of this legislation is in itself an evidence that such reverence has already been weakened, and whatever respect may have been lost for the judicial ermine has been brought about by a popular belief that authority is abused under the protection of long and unassailable terms in office.

Some excellent arguments in favor of the recall have been furnished very recently by the men who would denounce it. The Chicago judge who stopped the Lorimer investigation upon a technical decree that denied the senate committee the right to compel the attendance of witnesses and the production of records believed to be material is a case in point. The other day a Cincinnati judge quashed an indictment against Boss Cox, the Ed Butler of Ohio, and then ruled that he had been in technical jeopardy and therefore could not be again charged with the same offense.

Then, too, the question must be answered, when does the creature become greater than its creator. The judiciary is the creation of the electorate, the people. We do have and should have the highest regard for our judiciary and its decrees, but, on the other hand, the time has not come when the courts should fear the people who gave them birth.

* * *

But to return to Mr. Booher. While I was unable to hear his speech myself, it has been generally complimented and commended. The strength and ability of his argument has been conceded on both sides of the house. Mr. Booher does not often take the floor, but he is always on his job. He goes down to his office of mornings, when many still linger in bed, and he is one of the most constant members in attendance at the house sessions. He is universally admired for his rugged honesty and his courageous candor, and his speech was given the closest attention and evoked frequent applause.

Falls City 6, Nebraska City 1.
Auburn 17, Shenandoah 2.

Where They Play Today.

Auburn at Maryville.
Clarinda at Nebraska City.
Falls City at Shenandoah.

Clarinda, Ia., May 25.—It took Clarinda thirteen innings to beat the Comets yesterday, and probably then they would not have won had it not been for the errors in the last half of the thirteenth inning, when Delair and Cowley each missed a fly. Burton was in the box for the first five innings, but was taken out in the fifth when he went up in the air, Oswalt taking his place. When Oswalt went in in this inning three scores had been made and there was one out. Oswalt not having been warmed up, permitted three other scores. But outside of this one inning Oswalt pitched remarkable ball. Oswalt got a three-bagger in the thirteenth and it looked like he had won his game, but in the last half of this inning, on account of errors, Clarinda nosed in two scores, making 10 to 9 in favor of Clarinda.

Two automobile loads from Maryville saw the game yesterday at Clarinda. In George L. Wilfley's machine was Mr. Wilfley, W. H. Allen, Arch Frank, J. F. Hull and Charlie Martin, and in R. P. Hosmer's machine were Mr. Hosmer, Edward E. Williams, Joseph Jackson, Jr., James Todd and Claud Cook, the ball player, who is out of the game on account of an injury to his arm. The Maryville boys did some good rooting for their team.

The score by innings:

Maryville ....0 0 0 0 3 4 1 0 0 0 0 0 1— 9
Clarinda .....0 2 0 0 6 0 0 0 0 0 0 0 2—10

Hits—Maryville 12, Clarinda 17. Errors—Maryville 5, Clarinda 5. Batteries—Burch, Smithson and Harmony; Burton, Oswalt and Black. Umpire—Sage.

Falls City Wins Another.

Falls City, Neb., May 25.—Nebraska City lost again yesterday to the Falls City team in a fast and snappy game. Score:

	R.	H.	E.
Falls City .....0 0 0 2 0 1 1 2 *—	6	9	1
Nebraska City.0 0 0 0 0 0 0 1 0—	1	8	3

Batteries—Finch and Vanderhill; Miller and Noles. Umpire—Kissane.

Shenandoah Still Losing.

Auburn, Neb., May 25.—Auburn slaughtered the Shenandoah pitcher yesterday and won easily from the Iowans, who had an off day in the field. Score:

	R.	H.	E.
Auburn .....4 7 1 0 0 5 0 0 *—	17	16	2
Shenandoah ..2 0 0 0 0 0 0 0 0—	2	6	12

Batteries—Kirkland and Kraninger; Edlick and Castle. Umpire—Graves.

WANT ONE ROUTE

HOPKINS WANTS THE ONLY "OFFICIAL TRAIL" OR NONE.

TO GO OVER ROUTE AGAIN

Pathfinders Will Make the Trip Again in an Effort to Satisfy Conflicting Interests.

Hopkins is not satisfied with the selection as made by the executive board at a meeting Tuesday at Bedford Ia., of the official trial for the "Saints Highway" in the north part of the county. Hopkins wants the trail to pass through that town or the "Ridge" road adopted, instead of having two official routes.

Such was the announcement made by E. C. Wolfers, Sr., of Hopkins at the meeting held Wednesday afternoon in Maryville of the board of trustees of Nodaway county.

J. P. Scowden, a member of the board of trustees, and representing the "Ridge" road did not object to the two proposed routes.

It is thought probable that since Hopkins is not satisfied that the pathfinders go over the two routes again and make a report to the executive board of the association as to the best route. This will be done probably in a few days.

This week's Hopkins Journal had the following:

There seems to have been "a string to the announcement made Tuesday that it had been decided that the St. Paul and St. Joseph automobile trail would pass through Hopkins.

A meeting of the trustees was held at Bedford that day, and it was voted to name both the Hopkins and the "Ridge" road the official trails, giving travelers the choice of routes. It was represented, so we have been told, that such an arrangement would be agreeable to Hopkins as well as the "Ridge" people. The fact is, such an arrangement is not agreeable to the people along either proposed route.

At a meeting of the "Ridge" people the other night, it was voted to have the official route or nothing, and the same sentiment exists here. Maryville may think she can play "both ends against the middle" and win, but she can't "hack it" this time.

A meeting is being held in Maryville today and the Hopkins representative, E. C. Wolfers, Sr., will announce for the benefit of the association that the people here do not want two official trails, and that if the trustees do not see fit to name this as the official route, they must cut us clear out, and and let all of the honor fall to the "Ridge" folks.

WILL GIVE RECITAL FOR ALMA MATER

Miss Olive Edna Randall, for the past three years at the head of the department of oratory and physical culture of the Northwest Normal, will leave Friday for her home at Mt. Vernon, Ia., to spend the summer.

The Alumni association of Cornell college, of which Miss Randall is a graduate, at Mt. Vernon, will depart somewhat from its usual annual banquet this year and has asked Miss Randall to give a recital for the alumni which she has consented to do. This is the first recital Cornell alumni has given, and Miss Randall is certainly honored by her alma mater in being chosen to give the recital, which will be given about June 15. She will present "Land of Heart's Desire."

AUBURN HERE FOR 4 GAMES WITH COMETS

Auburn ball team arrived in the city this noon for the game with the Comets, it being the first at home game for the local team. Auburn has a fast, strong team and the Comets will play four games here, one this afternoon, Friday, Saturday and Sunday. The game Sunday will count as a league game.

Dietz will be behind the bat this afternoon, catching his first game for the Comets. Dietz has been out of the game so far this season on account of an injured finger. The lineup for the game will be: Dietz, catcher; McBride, first base; Walsh, second base; Sackett, shortstop; Wintz, third base; Cowley, left field; Griffin, center field; Black, right field; Wise and Delair, pitchers.

ELECTION TO VOTE ON POLICE JUDGE JUNE 6

On Tuesday, June 6, an election will be held in the city for the purpose of electing a police judge to fill the vacancy caused by the death of Samuel B. Arnold. On this same day the city hall bond issue of $15,000 will be voted on.

Only two candidates have been mentioned for the office. Judge W. L. Johnson and Judge J. W. Morris are candidates. It is thought that a mass meeting will be held and a selection made to be voted on.

Early in the evening several of the girls invited Miss LeGrande to go with them to call on Miss Anderson. While they were sitting on the porch engaged in pleasant conversation, the rest of the girls arrived and informed them that they had come to spend the evening. House games were played for some time, and then light refreshments were served, consisting of strawberries, cream and cake, after which outdoor games were played until the father of one of the girls arrived and took them for a long ride in his automobile, and then deposited them safely at their homes. Those present were Misses Hildah Lehr, Edna Wilson, Elizabeth Cook, Grace DeMotte, Edna Moore, Lois Farmer, Maude DeMotte, Neva Sage, Ora LeGrande, Edith Anderson. Miss Anderson leaves for home Friday at Crosby. Miss LeGrande will leave Saturday for her home in Clearmont.

SMITH LOST HIS FOURTH INSURANCE SUIT

(Kansas City Times.)

A jury in Judge Lucas' court returned a verdict yesterday for the American Insurance company of Newark, N. J., in the case of the Woodson Smith Hat company, suing for insurance protested when their place of business burned, May 30, 1910. The case yesterday was the fourth of a series of seventeen that have been filed by the hat company against protesting insurance companies. The first three tried were decided in favor of the hat company, but the evidence in all of them is practically the same.

Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of the day requires right kind of flowers—such flowers as we have in profusion, loose and in wreaths etc.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the vision of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

This remedy is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

HINES DENIES ALL CHARGES

President of Lumber Association Makes Annual Address.

TAKES RAP AT NEWSPAPERS.

Says President Taft's Reciprocity Agreement Is an Insidious Discrimination Against Lumber Industry of United States.

Chicago, May 25.—Edward Hines, named before the Helm legislative committee in connection with the collection of an alleged $100,000 fund to elect United States Senator William Lorimer, took occasion before reading his annual address to the National Lumber Manufacturers' association, of which he is president, to defend his acts and to flay his accusers.

Following an all-night session the board of governors of the National Lumber Manufactuers' association adopted a resolution expressing confidence in President Hines, which was adopted by the association immediately after the president's address.

In his address, Hines said, in part:

"I deem it proper at the outset to say a word respecting certain charges that have been made against me, and in some instances against the lumber interests in relation to national affairs.

"I absolutely deny these charges. I am absolutely innocent of any wrongful acts in these matters. I have no apology to make for my conduct as an individual or as an officer of the association, or any other association which has honored me with its confidence; nor have you or any other factor of the lumber industry any apology to make for its conduct and attitude toward national affairs."

"So far as I personally am concerned, at the proper time and by the proper procedure, I shall vindicate myself and confound my traducers before a tribunal that will not be a grotesque travesty on law and justice—a mere tool of politics and the subservient organ of unfair and unscrupulous journalism.

Attacks Newspapers and Taft.

"What I have done in behalf of the lumber industry in my own and in your behalf, and what you have done in co operation with me, has been done openly and legitimately."

He then attacked newspapers, asserting they were foremost of those who besieged representatives of the people for special privilege.

Plunging into his annual address after applause for his opening remarks, President Hines attacked President Taft's reciprocity plan, saying:

"A year ago at the New Orleans meeting I congratulated you on what I thought was a satisfactory ending of the tariff campaign, yet now we find ourselves again in a renewed campaign of the same sort. Again lumber is asked largely to bear the burden of what is called tariff revision.

"This time it assumes the old guise of reciprocity with Canada and obeying the mandate of the association we have been making a fight against the insidious discrimination with which it is proposed we shall be treated."

CITIES TO BLAME FOR FIRE WASTE

Secretary of Interior Fisher Makes First Official Speech.

New York, May 25.—Walter L. Fisher, the new secretary of the interior, delivered his first official speech here at the meeting of the National Fire Protective association. Secretary Fisher's subject was "Fire Waste and Its Remedy." He declared that the national government was trying to reduce this loss by requiring fireproof material in the construction of its buildings and making experiments to ascertain the best material to use. Neglect of these precautions, he said, was mainly the fault of municipalities.

"If the government," said Secretary Fisher, "should suddenly lay an annual tax of $2.51 on every man, woman and child in the United States on a promise of spending the money for some useful purpose, that promise would not avail against the storm of protest which would be aroused. Nevertheless a tax, which in the aggregate amounts to that, is being paid by the people of this country. It is the annual fire loss of the nation upon buildings and their contents alone. Not only is this property loss paid by our people, but, in addition, annually 1,500 persons give up their lives and nearly 6,000 are injured in fires. In no other civilized country are conditions so bad."

As remedies for existing conditions in connection with fire losses, Mr Fisher pointed out the necessity of developing cheaper fireproof materials and the necessity of better building codes in cities and especially of a better enforcement of codes enacted.

Jew Charities Get $2,000,000.

London, May 25.—Jewish charities will benefit to the extent of $2,000,000 by the will of Charles Wertheimer, who died here April 25 last, leaving an estate worth $2,640,000.
